

2018 Estimated Capital Gain Distributions

The Meridian Funds are required to make certain distributions of income and gains to shareholders each year to satisfy Internal Revenue Code requirements applicable to mutual funds.

The estimated per share amounts are listed below using income and capital gain amounts as of September 28, 2018. These figures are subject to change, perhaps significantly, and actual distribution amounts will be posted to the Funds' website shortly after ex-dividend date.

You should not use these figures for computation of federal and/or state income taxes as you will receive an IRS tax form in early 2019 detailing the taxable portions of any distributions paid to you during 2018.
